Q13. According to the passage, which benefit best explains why online purchasing has become so popular among consumers?

Read the following passage and answer the question based on it.

Online purchasing, which blends unmatched convenience with a clear set of drawbacks, has entirely transformed consumer behavior. Accessibility remains its key advantage, as customers can browse and purchase products from almost anywhere at any time, often with a wider selection than physical stores. Other major factors include competitive pricing, enabled by online retailers lowering overhead costs, offering lower prices on certain items, and providing faster delivery. However, consumers may face challenges such as delayed deliveries and limited product availability, while the environmental impact of packaging and transportation is becoming increasingly evident. In addition, the customer service experience may suffer due to reduced human interaction.

- (a) It enables customers to purchase products from anywhere at any time.
- (b) It allows consumers to browse and purchase products from almost anywhere at any time.
- (c) It guarantees faster delivery than physical stores.
- (d) It completely eliminates the need for physical stores.
